

GAGA BALL

How To Play

GaGa Ball is a fast-paced, high-energy game played inside an octagonal pit. It combines dodging, striking, running and jumping as players try to hit opponents with a ball below the knees.

The aim is simple: stay moving, avoid the ball and be the last player standing!

GaGa Ball is easy to learn, quick to play and suitable for groups of all sizes. Games typically last just a few minutes, making it easy to play multiple rounds and keep everyone involved.

WHAT YOU NEED

- 1 x HART GaGa Zone (*sku: 16-348*)
- 1 x Ball - lightweight, foam or inflatable ball, approximately 20cm in diameter

TIP: A smaller ball keeps the game fast-paced and works well for younger players with smaller hands. It is easier to track and less likely to move unpredictably. Larger balls may be easier to manage in bigger spaces or with mixed-age groups, but can slow the pace if they are too bulky.

HOW TO PLAY

1. Get Ready

All players enter the pit and stand against the walls with one hand touching the wall.

2. Start the Game

The ball is thrown into the centre of the pit. Players call “GA” on the first two bounces and “GO” on the third bounce. The game then begins.

3. Hit the Ball

Players use an open or closed hand to hit the ball. The ball must stay on the ground and players cannot hold or carry it.

4. Avoid Being Hit

If the ball touches a player below the knee, that player is out, and must leave the pit. If the ball hits above the knees, play continues.

5. Watch the Ball

If a player catches the ball before it bounces, the player who hit the ball is out.

6. Keep Moving

Players can dodge, jump and move around the pit to avoid being hit. Players cannot deliberately hold or trap the ball.

7. Speed Up the Game

For larger groups or longer games, a second ball can be added to increase the action.

8. Win the Round

The last player remaining in the pit wins the round. Once the round is over, everyone can jump back in and start again!
