

## **Assembly Instructions for HART HD Mini Trampoline**

You will require the following items to assemble each leg of the trampoline.

### **Step 1**

Place the spring washer over the bolt.

### **Step 2**

Place this bolt and washer inside silver spacer

**Step 3**

Place these inside the leg attachment facing as in photos below

**Step 4**

Place the leg with the bolt into the trampoline leg attachments and tighten with allen key.

**Step 5**

Place cap over tightened end and bang into place with a hammer (Photo 8 & 9)
